import into nucleus
nuclear export
nucleon tenler as trongger
nucleocytoplasmic transport
actin filament-based transport
nuclear transport
cytosolic transpor
cytoskeletoh-dependent intracellular transport condosome transport via multivesicular body sorting pathway
late endosome to vacuole transport via multivesicular body sorting pathway
transport along microtabule
endosomal transport of mitochondrion
organelle transport along microtubule endocytic recycling
nitochondrion transport along microtubule
intocrionation transport along flicibitable
establishment of mitochondrion localization, microtubule-mediated
establishment of organelle localization establishment of vesible localization
establishment of mitochondrion localization
SSABIISTITION STATISTICS TO A TIME STATISTICS TO A
mitochondrigh localization
$\smile$
